# A guide to self-assessment

1. [Overview](#)
2. [Who should register for Income Tax self-assessment?](#)
3. [What is preliminary tax?](#)
4. [Pay and file system - how does it work?](#)
5. [What forms do you need to complete?](#)
6. **How do you know what to pay?**
7. [Do you need to pay 'Pay Related Social Insurance \(PRSI\)'?](#)
8. [High Income Earner Restriction \(HIER\)](#)

---

## How do you know what to pay?

---

### Income Tax

When you complete your Income Tax Return using [Revenue Online Service \(ROS\)](#), the tax you must pay will be calculated and shown to you. This calculation will form the basis of your self-assessment.

**Sign in to ROS →**

You may submit your Income Tax Return on a paper [\[PDF\] Income Tax Return \(Form 11\)](#). If you do, Revenue will send you a notice of assessment. The notice of assessment will show the amount of tax you must pay.

---

### Capital Gains Tax (CGT)

You must work out the amount of [CGT](#) you owe. Please see [How to calculate CGT](#) to help you do this.
